The Honorable Herbert Hoover, Jr.
The Acting Secretary of State
The Department of State
Washington 25, D. C.

Dear Herb:

Attached is the memorandum on Radio Free Europe and the article from NEWSWEEK which I spoke to you about.

Since preparing the attached report for the President, we have evidence that [redacted] over which we have no control, did go very far in promising volunteers and military assistance. Also there is some indication that others may have used the same frequencies as Radio Free Europe for provocative messages. So far, this rests on the testimony of one very high level Hungarian refugee, [redacted].
[redacted] We are investigating this further.

Sincerely,

SIGNED

Allen W. Dulles
Director
